

Adult Student Resources

Orientation

Campus Tours

The best way to get to know the campus is to take a live tour. You may schedule a tour with the admissions office by calling (812) 855-0661. However, if you do not have time for a live tour, IU does have an online tour available at www.iub.edu/tour. If you would like to find a particular building, please use the IU interactive map at www.indiana.edu/~iubmap.

Academic Advising

Academic advising is crucial to successful and prompt degree completion. Please make sure you see your advisor at least once a semester. To schedule an appointment with an advisor, please call (812) 855-4991. Advisors are located in Owen Hall, Room 202. A list of degree requirements for the general studies degree program are listed at continue.indiana.edu/requirements.shtml.

Financial Support

The Office of Student Financial Assistance (OSFA) is an excellent resource for students looking to finance their education. The OSFA website—www.indiana.edu/~sfa—provides information and possible tools for covering the cost of higher education. In addition, the OSFA has financial aid counselors who provide personal assistance via email, telephone, or in person. Students interested in any possible federal financial assistance should first complete the Free Application for Federal Student Aid (FAFSA). To begin filling out the application online, visit www.fafsa.ed.gov. For more information about the process, please contact the OSFA at (812) 855-0321 or in-person at Franklin Hall 208.

Oncourse/OneStart

These two programs are essential to IU Bloomington students. Oncourse is an online environment where you can check grades, upload papers, receive and post class messages, view assignments, and more. University Information Technology Services (UITS) offers a free introductory class on Oncourse. Visit their Web site at ittraining.iu.edu/workshops.

OneStart is Indiana University's web-based portal that provides a collection of links to various IU services, including registration and bursar accounts. UITS offers a free class on how to navigate and customize your OneStart portal. For more information, visit ittraining.iu.edu/workshops.

Student Technology Centers

IU Bloomington has many student computer labs situated throughout the campus. For a map to help you find the one closest to you, visit uits.iu.edu. This site provides locations, as well as hours, for Student Technology Centers (STC) located in classroom buildings on campus and Residential Technology Centers (RTC) located within campus housing.

Parking Operations/Campus Bus

If you are interested in finding out where to park on campus and how much it will cost, visit www.parking.indiana.edu. An effective way to get around on campus is the Campus Bus Service. In fact, the Campus Bus Service provides a direct shuttle from the White Lot at Memorial Stadium to the heart of campus. For more information about the Campus Bus Service, visit www.iubus.indiana.edu. Bloomington Transit provides bus service in the city and along the perimeters of campus. Your student ID card acts as your Universal Bus Pass, which gives you access to the Bloomington Transit system in addition to the Campus Bus system. For more information about the Bloomington Transit, visit www.bloomingtontransit.com. Carpooling may be another option that you wish to explore. For more information about carpooling, visit parking.indiana.edu/parking_operations/carpool.html.

Libraries

The IU Bloomington campus has a wealth of library resources. Although many of the materials you will need can be found in the Wells Library, a full listing of campus libraries is included at www.libraries.iub.edu.

Tutoring and Other Assistance

The Student Academic Center (SAC) offers many services to help students academically, including helping with test-taking skills, time management, midterm and final exam preparation, and more. For more information, visit www.indiana.edu/~sac. Academic Support Centers in Briscoe, Teter, and Forest residence halls provide additional tutoring and group help to students who are struggling with coursework. Visit www.indiana.edu/~acadsupp/ASChome.shtml for more information. IU also offers Writing Tutorial Services (WTS) for students needing help with papers. Their Web site is www.indiana.edu/~wts. Some individual academic departments also provide lists of tutors available to assist students.

Health Center

Students enrolling in more than three credit hours will be assessed a student health fee on their bursar bill each semester. The health fee gives students access to use the services of the IU Health Center. For more information, visit www.indiana.edu/~health.

Student Ethics

To read more about expectations for student conduct on the IUB campus, visit dsa.indiana.edu/Code.

Career Development

The IU Career Development Center and Arts & Sciences Career Services have many resources to help students refine their interests and plan career goals. For more information, visit www.indiana.edu/~career.

General Campus Resources

Students looking for other information concerning IU should explore the list below. If questions still remain, do not hesitate to contact the General Studies Office, (812) 855-4991, or consult the Big List on IU Bloomington's home page at www.iub.edu/biglist.
